Website: <http://www.unipres.co.jp/>

Unipres Corporation (Head Office: Yokohama-City, Kanagawa-Pref, President: Satoru Nito) passed a resolution to invest in increased production at its car body parts production subsidiary in China.

The details are as follows.

1. Outline of investment for increased production

(1) Investment amount: 1.5 billion yen (including plant expansion costs)

(2) Equipment introduced: 2,500 ton transfer press
600 ton blanking press

(3) Start of operation: Mid-2011 (planned)

2. Profile of subsidiary in China

(1) Company name: UNIPRES GUANGZHOU CORPORATION

(2) Address: Huadu District, Guangzhou, Guangdong Province, China

(3) Name of representative: Hideki Ogoshi

(4) Capital: 24 million US dollars

(5) Equity ratio: Unipres Corporation 100%

(6) Business Activities: Manufacture and sale of metal stamped automobile body parts

(7) Start of operation: March 2005

(8) Number of employees: 1,356 (As of September 2009)

(9) Accumulated investment: 8 billion (including this case as well as the tool and die plant;
excluding investment related to the launch of new car models)

3. Background of investment for increased production

In response to the growth of the Chinese automotive market, Unipres has increased production by expanding consigned production through agreements with local manufacturers and by making changes in working hours and other arrangements in China. However, since the growth of the Chinese automotive market has exceeded initial forecasts, after careful examination of factors such as the expected equipment load, the decision was made to invest in increased production at the subsidiary in China.

4. Impact on future business results

This investment for increased production is expected to have no impact on consolidated business results for FY2009 ending March 31, 2010.
