Unipres Corporation (Head Office: Yokohama, Kanagawa; President: Nobuya Uranishi) entered into an agreement with Mizuho Bank, Ltd. (President & CEO: Masahiko Kato, hereinafter “Mizuho Bank”) for financing under “Mizuho Eco Finance”.

This loan is provided under the framework of Bank of Japan’s “Funds-Supplying Operations to Support Financing for Climate Change Responses (Climate Response Financing Operations)” to proposals that are assessed by Mizuho Bank as capable of contributing to climate response, using “CO<sub>2</sub> emissions reduction targets (Scope 1, 2)” as assessment indices.

We have expressed our support for the Task Force on Climate-Related Financial Disclosures (TCFD) in June 2021, and set a target to achieve a CO<sub>2</sub> emissions (Scope 1, 2) reduction of 50% from the level of FY2018 by FY2030 and carbon neutrality (net-zero emissions) by FY2050. Such initiatives were regarded as “meeting a high standard” and led to the conclusion of this agreement.

We will continue working to solve social issues by promoting efforts to achieve a sustainable society and eventually to “Achieve Sustainability Management” in accordance with our management philosophy.
