

# Pressed Parts with Improved Axial Crush Performance

- Mass-Produced
- Prototyping Available
- Independent development

Body

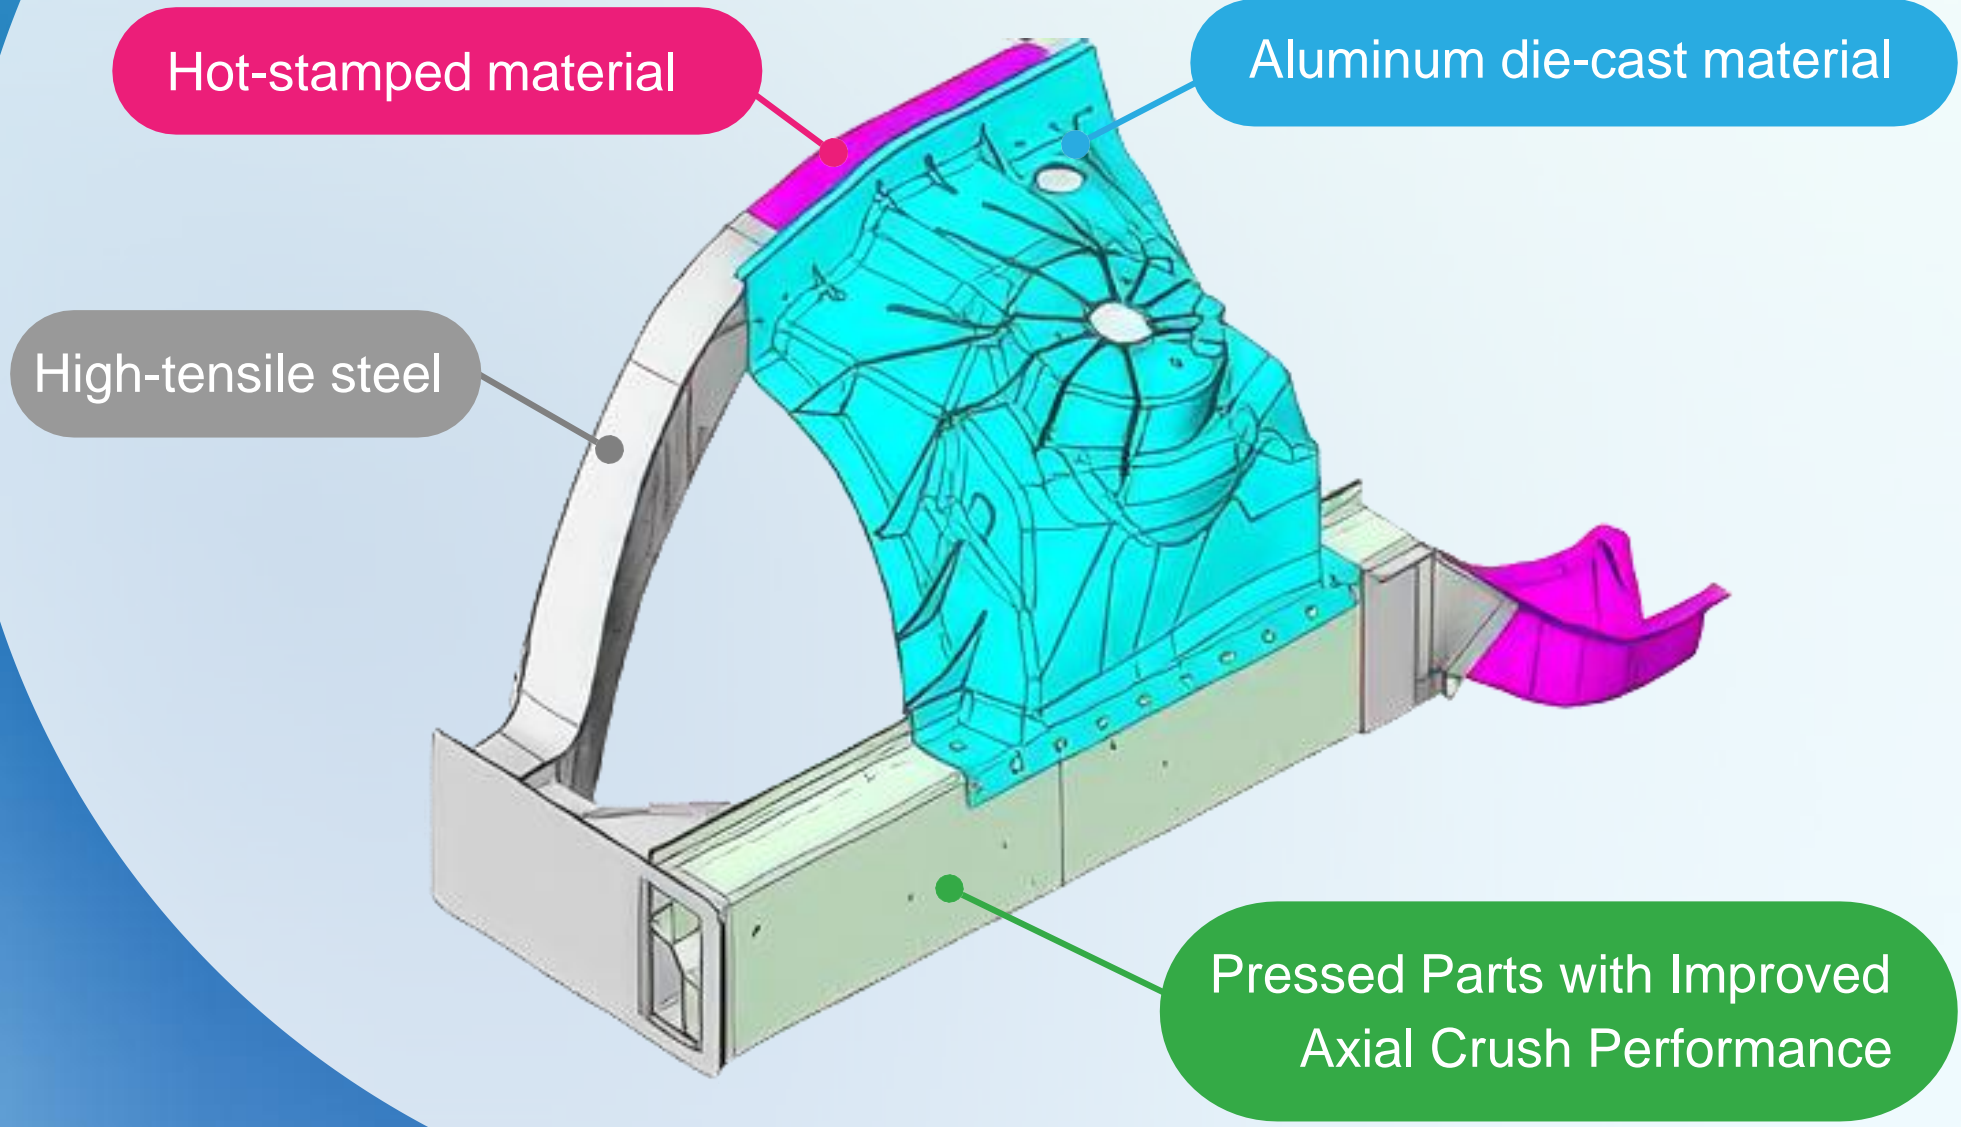

## Product Features

- ✓ Pressed parts featuring a "田"-shaped
- ✓ Improved axial crush performance compared to conventional cross-sectional structures.

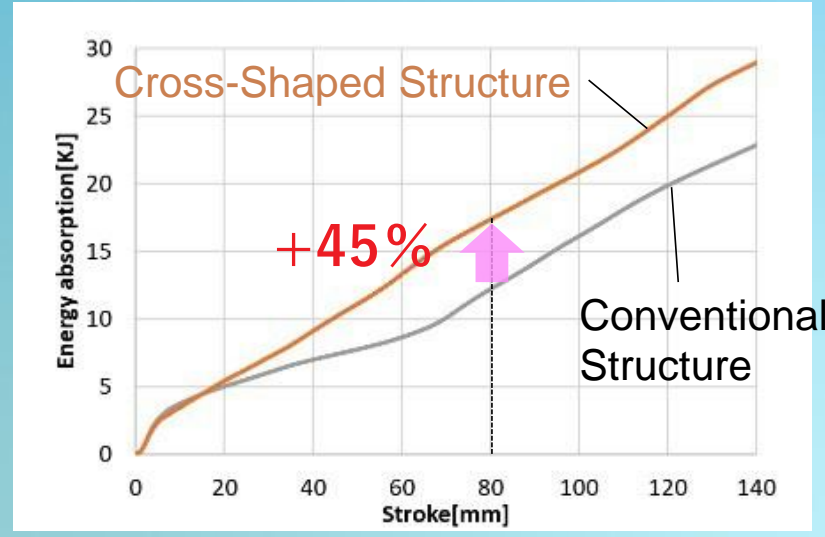

## Prototype Example

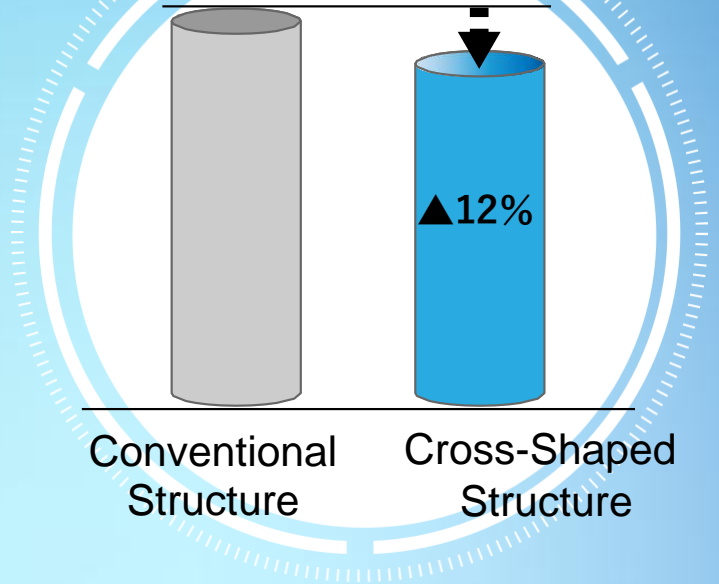

- ✓ Joining technology for aluminum die-cast parts and high-tensile steel.
- ✓ Manufacturing technology for parts with cross-shaped cross-sections.

## Efficient Axial Crush Performance (at equivalent weight)

## Component Weight (at equivalent performance)
