

Thick plate bus bar

☐ Production

☒ Prototype

☐ Development

■ Product Features

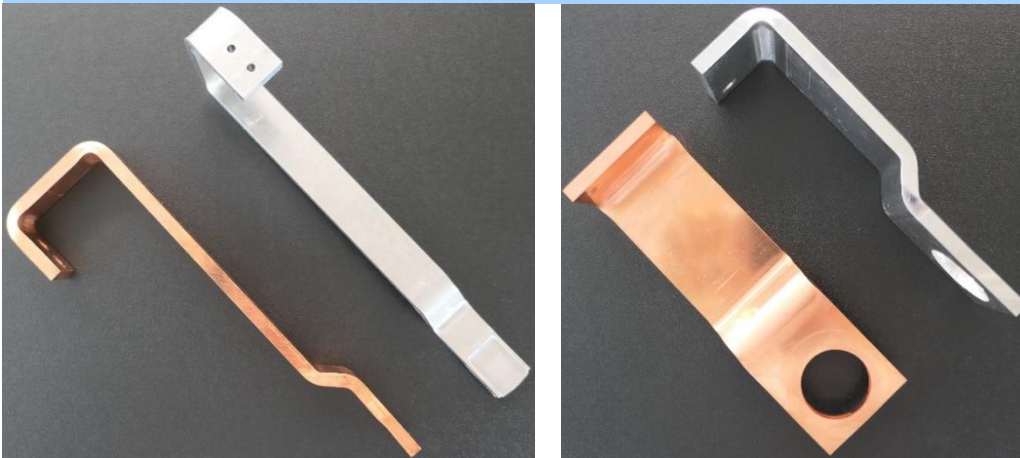

- Thick plate, wide bus bar
- High-precision molding and shear processing
- Molding of copper and aluminum materials

Compatible materials

Copper (C1020/C1100)

Aluminum (1000/5000/6000 Series)

Copper and Aluminum Bus bar

■ Product technology

- A unique method that prevents cracks from occurring in bent parts
- By combining with shear processing technology, burrs

		[mm]	
		Narrow ←	→ Wide
Thickness ↑ ↓	Thin	Forming processing is mainstream (Small current • Large number of production)	
	Thick	t5.0 t12.0	Our press processing area Machining is mainstream (Large current • Low number of production)
